Light rum was invented about 300 years ago in the steaming jungles of the West Indies. To make life a little easier.

Today, in our own modern jungles, it's nice to know we still have something to full back on. MELCHERS RON CABANA.

It makes life in the jungle a little easier.

# Carrier flips its lid.

It's the only one that can. So don't expect any other room air conditioner to look this good Or to soften cool for you the

way Carrier's Cosmonolitan does To begin, open a louvered door revealing the controls. (Notice, - there's one to bring in fresh air another to exhaust stale air. Very few units have both.)

Now Press HI-COOL or LO-COOL. And watch... Automatically, the top flins open. Just a crack. But it's

enough to send cool air sogring un. across the ceiline and down

Fills the whole room with cool Ounckly. Yet without drafts.

With Carrier's arc of comfort you feel the difference fast

> Be sure to see it in action Otherwise you may think the only thing different about the Cosmonolitan is the way it looks. There are Cosmonolitans among

all 32 Carrier models-from 5 000 to 34,000 Btu's-for every size room. most types of windows, all voltages Go now, before the rush, Once

it's installed, you can breathe easy. Carrier Air Conditioning (Canada) Ltd.
